C2BW8001 Class II Body Warmer/Vest by 3A Safety
\$34.95 Each-Sizes Small thru 4XL

Our latest "new" product for cold weather wear, this Class II reversible body warmer provides warmth and visibility for the worker while at work and during off hours. The garment comes with a black lightweight fleece interliner, that can be reversed and used as casual outerwear. The lime weather proof outer shell is ANSI certified polyester oxford and has 2" ANSI Level II silver reflective stripes. Available in sizes Small thru 4X-Large.

Lite Weight Nite Brite Bomber Jacket # J3200

\$42.00 Each-Sizes Large and Extra-Large

Same features as the original Bomber Jacket but a lightweight style. Has a sewn in black polar fleece liner with inside pockets. Shell is ANSI Class III certified.

These lime green sweatshirts meet ANSI Class III specs. They feature silver stripes, zipper front, and handwarmer pockets. The hood is removable so it can be worn as a lightweight jacket.

Special! \$27.95 Each
Sizes Medium Thru 2XL

Nite Brite Bomber Jacket # J4210

\$90.00 Each-Sizes Medium Thru Extra-Large

New Nite Brite Bomber Jacket from Dicke Safety comes with a number of great features for a fantastic price. The jacket has a zip out fleece liner that has front pockets and 2" stripes that make it ANSI Class III by itself. You can wear the liner in milder weather and then zip it into the jacket for the cold. The jacket has a drawstring hood that stores in the collar. A radio/cell phone pocket with pull tab is on the breast and pencil pockets are on the sleeve.

1938KW Insulated Reflective Glove \$7.99 a Pair

These knit wrist gloves offer additional protection in the work zone by adding a fluorescent orange nylon back with a Reflexite™ knuckle strap. Ideal for highway construction, utility and traffic control personnel who need a warm, durable, highly visible glove in the work zone. Sizes: m-xl.

High Visibility Reflective! Winter Gloves
